

WOMEN'S LEADERSHIP CONFERENCE

Sponsorships

Coinciding with Women's History Month, the Women's Leadership Conference gives participants the opportunity to explore their leadership. The conference incorporates students, staff, alumni, faculty and community members as speakers and presenters in order to give our participants access to a wide variety of experience and knowledge.

The content engages our participants in critical thought around their role as a leader to create meaningful change. Some topics we hope to see addressed include: living authentically, prioritizing what matters, leading innovatively or creatively, exploring your passion, making time for deep work, living intentionally, setting boundaries, and enhancing your quality of life through a focus on well-being, mental health, and wellness.
