## Welcome to graduate music education at Georgia College

Welcome to graduate studies at Georgia College! It is important that you maintain a 3.0 GPA to stay in our degree program, so I encourage you to review APA 7<sup>th</sup> edition writing practices (Purdue OWL) and basic music theory (musictheory.net) now in preparation for your course work. Use this handbook to locate our GC resources. Online learning frequently feels very free and it's easy to fall behind, plan daily touch points in all your classes to stay on track.

## Sample daily touch schedule

Use this schedule as a model to create your own daily touch plan and always stay current in rigorous graduate course work.

- Monday: read and review all module materials, read all assignments, and put deadlines on a calendar.
- Tuesday: re-read module materials, call or web-conference with a peer or peer group to discuss (GC students have free WebEx accounts)
- Wednesday: draft written assignment
- Thursday: seek peer editing/ review for written assignment (provide peer editing/ review in exchange), or seek GC writing center support, - revise assignment draft.
- Friday: seek assistance from the professor for lingering questions/concerns (during office hours)- revise assignment draft again
- Saturday: skim module material one more time for closure- finalize assignment drafts, check citations.
- Sunday: review your assignment one last time, then submit.

\*Attend weekly graduate support meeting (scheduled by semester) with the GA for additional help in answering questions.

## Graduate Music Faculty

Full faculty biographies and email addresses are available at

<https://www.gcsu.edu/artsandsciences/music/department-faculty>

- Dr. Zandra Bell-McCroy, Music Education Instructor
- Dr. Jennifer Morgan Flory, Professor of Music, Director of Choirs
- Dr. Dana Gorzelany-Mostak, Associate Professor of Music
- Dr. Bryan Emmon Hall, Assistant Professor of Music, Coordinator of Strings, Director of Orchestra
- Dr. Tina Holmes-Davis, Associate Professor of Music, Coordinator of Music Education
- Dr. Don Parker, Professor of Music, Department Chair
- Dr. Chantae Pittman, Music Education Instructor
- Dr. Cliff Towner, Professor of Music, Director of Bands
- Mr. Jay Wucher, Music Education Instructor

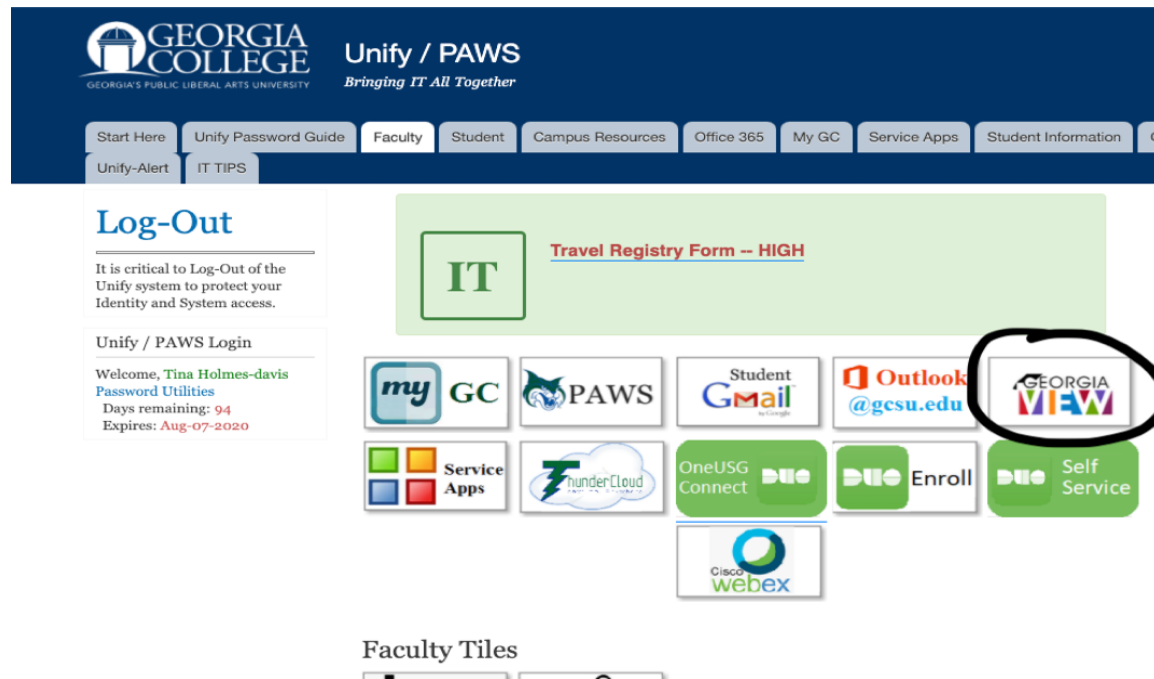

### Ongoing Access to Course material

Most graduate music courses occur asynchronously in the GA view platform. Student access to course shells begins on the first day of classes and ends shortly after final grades are reported. *Students are encouraged to download assignments and important course material, with careful attention to copyright law, at the end of each course.* Students will need primary materials from each course for comprehensive examination preparation prior to graduation.

### Accessing course shells in GA view

Students need to access the online course platform for each class:

1. Log into unify (the portal through which you registered for classes)
2. Choose GA view

3. We have multifactor authentication, so you may be directed to log in again.
  - a. You may download the Duo Mobile app to verify log ins using your cell phone.
4. Use the waffle icon at the top of the GA view screen to find your course shells (see below). Courses won't open until the first day of classes, but you should be able to see place holders a few days early.
5. Pin courses in the top left corner of the shell image and they will stay in your home screen in GA view. All course materials and assignments will be housed and submitted through these shells.

## Resources

1. The GC Writing Center (<https://www.gcsu.edu/writingcenter>)
  - a. Students should schedule editing and review sessions when writing scholarly papers and creating appropriate citations.
2. The Music Graduate Assistant hosts weekly tutoring/ collaboration meetings through web conferencing (Teams, Zoom, or WebEx). Students should attend meetings when they have course work questions. The meetings will follow this model:
  - b. The graduate assistant will group attendees according to need. So, students with similar questions will work together to resolve their questions.
  - c. Unresolved questions should be brought back to the GA, who will notify the appropriate professor of the academic need.
  - d. Professors will resolve questions in their course shells.
3. GALILEO- (accessible in unify- in the links listed below the tiles)  
GALILEO stands for Georgia Library LEarning Online, an initiative of the Board of Regents of the University System of Georgia. GALILEO is an online library portal to authoritative, subscription-only information that isn't available through free search engines or Web directories. Participating institutions may access over 100 databases indexing thousands of periodicals and scholarly journals. Over 10,000 journal titles are provided in full text. Other resources include encyclopedias, business directories, and government publications.
4. WebEx-  
WebEx is a communication software like Skype or FaceTime. We will have:
  2. class meetings through WebEx so that students can attend regardless of their location. We can also have individual meetings through WebEx at your request. Use the information below to get set-up for WebEx and to trouble shoot.

3. You must activate your audio manually after logging into the meeting. Use the audio link in the top toolbar.
5. Microsoft Teams-  
Teams is a classroom software with communications functions like WebEx, Skype, or Facetime. The University is moving away from WebEx in favor of Teams in 2023, so prepare to use either software for meetings with the graduate assistant and for synchronous class meetings.
6. Office 365
  - a. Log in to Unify.
  - b. Access the Office 365 tab above the tiles and follow the step-by-step instructions.
7. SERVE 478-445-7378 [serve@gcsu.edu](mailto:serve@gcsu.edu) <https://www.gcsu.edu/technology/helpdesk>
8. Students should follow the Georgia College Honor Code (<https://www.gcsu.edu/studentaffairs/handbook>) in all graduate courses and related activities.
9. Students should know and understand specific university policies about religion, disability, etc. (<https://www.gcsu.edu/registrar/required-syllabus-statements>)
10. Students should behave professionally in all online forums
  - a. (<https://online.maryville.edu/online-bachelors-degrees/liberal-studies/digital-citizenship-and-netiquette-a-teachers-guide/>)
  - b. Our Georgia College guidelines are in Appendix A
11. Students should not plagiarize in graduate courses
  - a. Plagiarism info library guide (<https://guides.libs.uga.edu/plagiarism-resources>)
  - b. In many graduate courses you may be asked to take a plagiarism self-quiz (<https://www.turnitin.com/static/plagiarism-quiz/>)

## Application Procedures

### MME Master of Music Education

Our Serve Help Desk is the first contact for any technology-related request or challenge. Our skilled technicians will attempt to resolve issues with the first phone call. Faculty and staff issues requiring an in-person visit will be handled as soon as possible. Work orders are handled in the order received. Priority is given to any request involving instruction or mission-critical areas to help ensure services are maintained so students, faculty and staff of GC may effectively meet the goals of our student-centered learning community.

## Comprehensive Exam and Capstone Project Procedures

### MME Master of Music Education

The MME is a professional degree program within a liberal-arts setting. Courses in it are designed to support the fully certified in-service music teacher in renewed reflection and planning activities and provide new ideas and information for the classes they teach.

Comprehensive exams are administered during the MUED 6050 capstone course, which is the final course in the degree program. In the oral examination, students discuss material from all program courses in terms of personal, philosophical, and pedagogical application.

Students in MUED 6050 Capstone are guided to complete extended assignments from previous course work for professional publication or presentation. Students must apply for publication or presentation during the course. Acceptance is preferred but not required for degree completion.

### MAT: music education

The MAT: music education degree program leads students with undergraduate music degrees to initial teacher certification in music. Comprehensive exams for the MAT: music education are at the end of the MUED 6990 Student Teaching Experience and Seminar course, which is the

Georgia College Graduate Music Program Handbook.  
updated 7/23/2023.

final course in the degree program. Students are required, in their oral examination, to discuss musical examples and pedagogical applications of material from all courses.

Students in MUED 6990 student teaching experience and seminar are guided to prepare pedagogical presentations (Roundtable presentations) for undergraduate music majors. Students must create 10-minute research-based presentations on pedagogy, music, or learner development. Topics are approved and research guided by a faculty adviser.

**Oral exam schedule:**

- Fall exams, as needed. Wednesday of final exam week starting at 5pm EST.
- Spring exams, MAT: music education and MME as needed. Wednesday of final exam week starting at 5pm EST.
- Summer exams, MME and MAT as needed. First Wednesday (Tuesday and Thursday as needed) of August starting at 5pm EST.

**Oral exam preparation:**

- Describe philosophical changes and the application of those changes in your classroom. Describe courses and experiences that sparked philosophical reflection and/ or growth.
- Describe the application of foundational course ideas in your pedagogical efforts. If you did not apply course material, prepare to describe your rationale for not doing so.
- Explain and/or summarize important concepts and course material in your own words. Your answers should demonstrate not only strong content knowledge, but also proper use of discipline specific vocabulary and connection of ideas and material from multiple courses. Include some specific examples to support your answers.

**Oral exam grading:**

- Students must pass 70% of their questions to pass the test.
- Students may retake, if needed in the semester following the failed attempt.
- Students may retake twice. A third failure will result in program dismissal.

	Fail	Weak Pass	Strong Pass
Fully answer the question ( <i>MUED 33%, MUSC 40%</i> )	Students omits answers to parts of the question OR provide incomplete answers to more than two parts of the question.	Student addresses all parts of the question but provides incomplete answers to at least one part of the question.	Student addresses all parts on the question completely and clearly
*Provide specific examples from the class to support	Student cannot or does not provide any examples in support of their answer.	Student describes at least one specific example that was not used in class, but	Student describes at least one specific example that was

answer (MUED 33%, MUSC 40%)		successfully support their answer.	used ion class to support their answer.
*Provide classroom applications to support answer (MUED 33%, MUSC 20%)	Student cannot or does not describe a potential classroom application in their answer.	Student alludes to, but never overtly describes, at least one potential classroom application in their answer.	Student describes at least one potential classroom application in their answer.

\*Connect examples to your answer and provide context using the examples. Your examples should reflect a thorough understanding of and ability to apply your knowledge. Think about working in Bloom’s application or higher, not knowledge.

**MME Capstone preparation:**

- Gather projects that were started in various courses but not actually completed. Reflect on the usefulness of each project to the broader music education community. Prepare simple plans to complete these projects. We will select one for the Capstone.
- Consider the most effective and impactful means of sharing your project information within the music education profession (journals, conferences, professional development, etc.). Then explore potential venues to share your information.
- Prepare to expand upon and continue previous work. You cannot get credit for the same work in two courses, you must progress beyond your past efforts.
- You also have the option to create a digital history project during MUED 6050 Capstone

**MAT: music education Capstone preparation:**

- Reflect on your application of course material in field placements and student teaching.
- Appropriate ideas for examination include but are not limited to:
  - Course material that you successfully incorporated into a fieldwork music class.
  - Investigate whether this idea would benefit other music teachers and/or fulfill curriculum objectives.
  - Course material that failed during application attempt(s). Investigate potential reasons for the failure. For example, was the material appropriate for your learners? Did you make errors in interpretation or application? Has the educational landscape changed making the material less applicable than it was in the past? Are there new ideas available?
  - Personal concerns about your teaching. Do you need more knowledge or experience to effectively teach a particular subgroup (perhaps based on socioeconomic status, gender, disability, ethnicity, etc. or based on musical subgroups such as double reeds, changing male voices, percussion techniques, etc.)? Do you need more resources/ ideas to effectively teach various musical concepts? (Perhaps balance, blend, intonation, etc.)? Do you need more resources/ ideas for classroom management?

### Graduate Music Academic Probation Procedures

Students whose GPA falls below 3.0 will be placed on academic probation. The procedure and support for academic probation are as follows:

- the student and graduate coordinator receive an email notification of probation from the registrar.
- the student and graduate coordinator will meet to develop a specific plan (probation contract) for returning to good academic standing.
- the student follows the terms of the contract, return to good academic standing, and continue towards graduation OR
- The student fails to meet the terms of the contract and is dismissed from the degree program.

### Dismissal Policy

A graduate student will be placed on graduate academic probation if the student's institutional graduate grade point average falls below a 3.00 at any point during graduate study. If a student is placed on graduate academic probation and the GPA remains below 3.0 after one probationary semester, then the student will be academically dismissed from the program. Students who are inactive while on probation, will be dismissed from the program after one semester. Any course in which a student earns less than a C cannot be counted for graduate credit in Music education graduate programs. Graduate degrees must be completed within seven years of start.

### Procedure for Reapplication

Students seeking readmittance into either graduate music education program (MME or MAT: music education) must reapply with the graduate admissions office and petition to continue. The petition must include:

1. A complete explanation of the original problem or issue that led to dismissal. Students should submit appropriate documentation (medical notes, etc.)
2. A complete plan for success, if readmitted, including a realistic timeline to graduation.

If the petition and supporting documentation are approved, the student will be readmitted into the graduate degree program provisionally. Readmitted students must always maintain 3.0 GPAs. If they drop below 3.0, they will be dismissed.

Interacting with your classmates and instructors in online, professional contexts (email, online discussion groups, and online chats)

### TREAT OTHERS WITH RESPECT

- Use your instructor's proper title, such as "Dr." or "Professor."
- Use the preferred names of your classmates.
- For those individuals who have indicated preferred pronouns (such as "he," "she," or "they"), use those preferred pronouns when referring to them.
- Do your part to maintain a professional environment.
- Be respectful of other's opinions.
- Before you write something, ask yourself: "Would I say this out loud in class?"
- If you're angry about something, wait a day (to cool off) before you communicate with the person or persons who've angered you.

### DISCUSSION POSTS

- In discussion posts (and email), make your subject line specific and descriptive.
- Stay on topic.
- Don't reply to someone's post with just "I agree." Instead, explain why you agree, or explain why you mostly agree but have a slightly different perspective on certain aspects of the topic.
- It's become acceptable to use common emoticons such as a smiley face or sad face, but avoid overusing them, and avoid using outlandish ones.
- Don't share personal information pertaining to others and be prudent about the personal information you share about yourself.

### REMEMBER

You're part of a professional, learning community. That community is enhanced or undermined by each person's behavior. Help to enhance it!

### RESPECT

### OBSERVE THE CONVENTIONS OF PROFESSIONAL WRITING

- Write in a clear and concise manner.
- Write in sentences, not fragments.
- In professional communications, you should endeavor to use correct spelling and grammar.
- Avoid using short forms or abbreviations.
- Avoid using all caps because it can be interpreted as YELLING.
- Be careful about responding with humorous or ironic statements; they might be misinterpreted and cause offence.

### EMAIL

- Don't start an email to an instructor with "Hey" or similar informalities.
- If you need to email your instructor or teaching assistant, use your university email address not a personal email address.
- It's often a good idea provide some brief context for what you are emailing about.
- Use a standard font such as Ariel, Calibri, or Times New Roman. As for font size, choose 12 pt. or 14 pt.
