(9/12/2024)

- Began with an icebreaker

- Meetings usually one a month
- Various activities:
 - Water week, Symposiums, and tabling
- Cleanups (once a semester usually; maybe more than one for fall semester)
- Club started in January in 2024
- Past activities
 - Eart fest, tabling, symposiums
- Coming events
 - Water education week with academic outreach
 - Web Oct 16th, 3-5pm, Tanyard Branch Creek Cleanup
 - Thurs Oct 17th, 6pm, water movie night
 - Fri Oct 18th, 3-5pm, Research Symposium
 - Sat Oct 19th, 12-3pm, Water education day, same day as Deep Roots in same area
- Please RSVP for events
- Going to events = points for a cord for graduation
- Join GroupMe and follow Instagram for more information and updates
- Go to <https://www.gcsu.edu/asc/aquatic-sciences-club> for more information or access to forms for events
- Email: gcsuaquaticsciencescenter@gmail.com is best way to contact Anna Agi (President). Email on GCSU page goes to all members of faculty board for club.
- Please contact executives for potential ideas we are always looking for new ideas 😊

(10/17/2024)

- Introducing the symposium tomorrow please come out you don't have to present just for support
- Saturday we are hosting a water education day table at the Deeroots festival and will be presenting a few projects
- Please register for events so we have an idea of who is coming
- Coming to these events will earn you points 😊
- Please suggest times for creek cleanup events, maybe more frequently if enough people are available
- In the spring we will be hosting our movie night
- Art healthy festival in April 2025
- Next meeting on November 14th (Subject to change will be Last meeting of the semester)
= Potluck/holiday party? Greenway? TBD
- PIZZA!!!!
