

Program Delivery and/or Location Change Request Form**GCSU Guidelines for Completing the Proposal for Submission**

Use the guidelines lines below in addition to the [Degree Proposal and Curriculum Proposal Cover Sheet](#) to prepare the proposal for a **Program Delivery and/or Location Change**. Please include all requested information for items 1 through 12 in the order described in the guidelines. Doing so will support both the university governance process and successful entry into the USG Academic Proposal Submission Portal.

Guidelines Provided by USG

USG Policy: Updating the delivery mode and updating program locations are, at minimum, notification items to USG System Office so that the Georgia Degrees Pay program search tool can remain accurate. The Academic and Student Affairs Handbook Section 2.3.7 details that administrative approval is required when more than 50% of a program will be taught at a new location.

The following definitions are used:

- **ON CAMPUS:** A program of study leading to a degree completed with 50% or more of courses offered consistently on-site in a classroom setting at a campus, center or instructional site. (Consistent with SACSCOC requirements concerning notification of changes in delivery mode.)
- **HYBRID:** A program of study leading to a degree completed with more than 50% offered consistently online, but some courses in the program will require on-site attendance at a campus, center or instructional site.
- **ONLINE:** A program of study which can be completed entirely at a distance. No campus visits are required for coursework. Students may be required to attend program orientations or to complete coursework in a specified instructional setting (clinical, internship, practicum).
- **PROGRAM LOCATIONS:** List of all campus and off-campus instructional sites where a student can complete at least 50% of the coursework necessary for graduation from the program.

For physical locations, the site must already be approved for the institution. If the proposed location is new, then the [External Site Request](#) form should be completed instead.

SACSCOC Policy

Closing a program delivery and/or location is considered a substantive change.

Adding a program delivery and/or location may be considered a substantive change.

1. Proposal Name
2. Proposal Representatives: Provide the name(s) and email(s) of the individuals who will represent the proposal at university level curriculum committee meetings.
