

TEAS Testing Instructions:

The first step in preparing to take the TEAS assessment is to create an ATI account. Go to www.atitesting.com. When creating your account, look for "Georgia College & State University" as the school you are testing with.

During the test you will not be able to speak or chat with the Testing Center. If you need help with the testing system, there are Quiz Tools available to you on the screen. If you are unable to resolve the problem that way, the technical support number for ATI Testing is (800) 667-7531.

Log in no earlier than 15 minutes before and no later than 15 minutes after your start time on your test day.
